## Description

Gents 1940s Cyma wrist watch. The watch has a 17-jewel R458, signed Cyma Tavannes, which is working nicely. The watch measures 33mm diameter excluding the winding crown and the lugs, so a good size for a 1940s piece. The main body of the case is chromium plated, and there is some wear and marking commensurate with its age. The case back is stainless steel and it is signed inside with the Cyma logo. The lens is in lovely condition. The signed dial is in its original finish with original hands. There is some light marking to the dial but not too detrimental at all. A new leather strap has been fitted. The watch comes in a new presentation box.
