Gents 1950s triple date wrist watch

Price

Sold**Item Reference: SA803077****Date of manufacture: 1950**

Description

Gents 1950s triple date wrist watch. The watch has a 17-jewel Venus 203 hand-winding movement which is working nicely. The watch measures 32mm diameter excluding the winding crown and the lugs. Although originally designed as a man's watch, it would suit a man with a slimmer wrist. The main body of the case is chrome plated while the case back is stainless steel. There is a little marking to the plate but overall the condition is very good for a 1950s piece. The lens is in lovely condition. The dial is in its original finish with original hands, date pointer, and day and month apertures. The three date features are initially set by way of the small buttons to the side of the watch case. A new leather strap has been fitted. The watch comes in a new presentation box.
