## Description

An excellent Victorian period chest of drawers in mahogany. This was made in England, it dates from round 1860-1880. The quality is fantastic, with a solid top, wonderful turned handles, plinth base on small bun feet and fine dovetailed joints in the drawers. It is a great size, the lower drawer is built into the plinth base for extra depth. We have recently had this re-polished, it is in excellent condition for its age. There various old small marks here and there commensurate for age, and a lovely overall patina. Width - 42 inches , 107 cm Depth - 21 inches , 53 cm Height - 41 inches , 105 cm
