Description

A beautiful and useful antique writing table / desk in walnut. This was made in England, it dates from the 1900-1920 period. This is extremely well made, it sits on cabriole legs with shell carved knees, and has a gadrooned top edge. The back is also nicely finished, so this can be used as a free standing item. The inset leather top is hand coloured and gold tooled. We have had this completely re-polished & the condition is excellent for its age.
