

SA806444

1930s full hunter pocket watch

Price

Sold**Item Reference: SA806444****Date of manufacture: 1930**

Description

1930s full hunter pocket watch. The watch has a gilt stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated with the thicker 40 microns of plate. It was made by Rodi & Wienerberger of Pforzheim, Germany, jewellery and watch case manufacturers. The case is in good condition for a 1930s piece, one pin prick "ding" to the front and back and light surface marks, nothing too detrimental. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in good condition. The two tone dial is in its original finish with original hands, all in the Breguet style. There is a little marking to the dial but again, not too detrimental, and not as noticeable as it is in the photo. Outer minute track with 24 hour markers. The watch comes in a new presentation box.
