

SA806736

1921 Elgin full hunter pocket watch

Price

Sold**Item Reference: SA806736****Date of manufacture: 1920**

Description

1921 Elgin full hunter pocket watch. The watch has a grade 262 stem-winding movement which is working nicely. This grade of movement was in production from 1904 to 1929. The serial number on this particular movement, 23,068,709, dates it to 1921. The movement is protected by an inner hinged cover which has some scratching where it has been opened in the past. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the Keystone Watch Case Company, suppliers to Elgin. The case is in very nice condition. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in good condition. The signed dial is in lovely condition with original hands, sunken subsidiary seconds dial and outer minute track. The watch comes in a new presentation box.
