Description

Top quality early walnut cased Vienna Regulator wall clock by Keinzle c1860 ~~~ Excellent condition throughout ~~~ This is a top class example of a walnut cased Vienna regulator clock dated to about 1860 made by the highly respected Keinzle factory. The walnut case has a wonderful rich colour and patina and the grain really does shine through, this is complimented by the finely carved and turned columns and finials. The original white enamel dial is in excellent original condition but if you look very closely does have a very faint hairline crack between the 7 and 8. All of the glass is perfect and the beat plaque is also enameled. Please do not confuse this clock to the numerous cheaply made late Victorian and Edwardian Vienna regulators, this clock is of a much higher standard and quality. The high quality solid brass 8 day movement is totally original and is of the early outside countwheel type. It has just undergone a full overhaul, clean and service by Alan Williams FBHI who is a Fellow of the British Horological Institute so is in tip top condition and should give trouble free service for many years to come. The clock strikes the hours and the half hours on...
