Description

A matched set of 8 silver plated dinner plates, all marked for J Lyons & Co, which means that they were used in the popular Lyons Tea Rooms. Dating to the early 20th Century, all of the plates have a heavy and robust feel. All plates are of very similar design and dimensions. The set consists of three plates by William Hutton and Sons, two by Gladwin, one by Goldsmiths, one by Elkington and one by Mappin & Webb. They were all purchased over a period of time for use in the tea rooms. The condition is reasonable with minor plate wear to the fronts, although all plates show surface scratching, minor knocks and marking, consistent with age and use. There is some plate wear to the raised edges of the backs. Total weight approx 4.8kg. Diameter approx 10 inches / 25.5cm. These plates would also make good display pieces or underplates.
