Description

Circa 1920-1940 a pair of good quality brass lamps with a finely detailed eight sided tiered base and unusual columns. They are completely original, and may have been made to order. The intricate design around the bases show the quality of the casting. They measure 38cm in height in total and 18cm at the widest part and were rewired by the previous owner before they were put in storage. There are no signs of damage or repair on either and they have been polished but not lacquered. Postage and packing within the UK mainland is included in the price and for remote areas or abroad please contact us for a delivery quote.
