Description

Waltham full hunter pocket watch, 1922. The watch has a stem-winding movement, grade 610 which is working well. The fully signed movement has 7 jewels and the serial number 24227620 which dates it back to 1922. The movement is protected by an inner hinged cover. The watch measures 51.2mm diameter excluding the winding stem and the loop. The case is gold filled and is the J.Boss model made by the Keystone Watch Case Company. The case has light surface marking from use and some mild bruising to the front and back covers but overall it is in nice condition for a 1920s piece. The winding crown pushes in to open the front cover. Inside there is a glass lens in nice condition. The signed dial has several very faint hairline cracks although hardly noticeable but otherwise is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box.
