Description

This chest of drawers, which is about 100 years old, is in superb condition. A most unusual configuration with the three drawers over two and two full width drawers below. Colour is good as is the finish with clean internal condition of the drawers too. The top three have a partition that can be lifted out if not required, but they have all managed to stay in place for a century. A chest that gives good storage space but is also great looking and a neat size. We have a lovely inlaid mirror on our web site that could compliment this if required. We also have a superb quality two over two inlaid chest available. Again check out our web site. Give us a call if you would like to discuss 01565 874075.
