Date of manufacture: 1920

Dimensions

Height = 107 cm (42.1")

Width = 56 cm (22.0")

Depth = 48 cm (18.9")

Description

A beautiful mahogany desk chair dating from the early 20th Century. It is a good comfortable chair and very well made in a Queen Anne style with a high back with shaped splat and curving arms. It has a padded seat which has been recently recovered. It has four cabriole legs terminating in castors and the chair swivels on a ball bearing mechanism below the seat. It is approximately 42" (107cm) high and the arms are 22" (56cm) wide. It is approximately 19" (48cm) deep and the seat is 18" (46cm) high. It is in excellent condition for its age. It has developed a lovely rich patina and is structurally very sound. It is not without a few small marks here and there but nothing untoward for a chair of this age. The seat is in good condition with no splits or tears and the mechanism for swivelling is in good strong working order. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Nationwide delivery available through our network of reliable couriers. Please get in touch for an accurate quote to your location.
