Description

1920s Lagaros pocket watch by Record. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is signed Record Watch Co and it also has the name Lagaros, a brand name registered by Record in 1924. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the Birmingham case maker Aaron Dennison. The front of the case is in good condition. The hinged case back has a few marks and some gentle unevenness. The glass lens is in good condition. The dial looks good to the naked eye. On closer inspection there is a short hairline at the top of the dial and two very faint hairlines running from the centre towards number 2 (these are faint even with a magnifying loupe). Blued steel Breguet style hands, a subsidiary seconds dial and outer minute track. The watch comes in a new presentation box.
