Description

1920s Limit No 2 pocket watch in super condition. The watch has a 15-jewel stem-winding movement, by Thommen, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and it is in lovely condition with just light surface marks, nothing serious at all. The glass lens has a very small mark to the edge, less than 1mm, but otherwise is in super condition. The dial is signed Limit No 2. The Limit brand name was first registered by the Hirst Brothers of Oldham, UK, in 1912. Swiss movements were imported into the UK from Revue Thommen and they were cased in English made cases from the Dennison Watch Case Company, based in Birmingham. The dial is in beautiful condition with original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
