Description

A Very Rare Edwardian Revolving book table. Please note, items placed on or around this item are not included in sale, sale is for the table only. A very charming rare table. We bring to you this outstanding Edwardian book table complete with a revolving gallery base believed to be made between C1880 - 1900. This outstanding table is in a lovely original condition which we have just enhanced by sympathetically restoring and waxing. The table has a beautiful glossy french polished finish with a lightly faded rich Mahogany colour with patina and charm. This table is specifically designed to house a small selection of books in the revolving undertier for ease of access. The elegant table stands on typical Edwardian shaped legs with a lower finale to the centre. There is no movement or play in any of the joints and the solid Mahogany top is flat with no bowing or twisting. Please note this item is in beautiful condition for its age as shown in the photographs below however being an antique item it does have the odd bump and repair here and there. However, we feel that these points are which adds charm and character to a piece. Dimensions Height...
