Description

A Lovely Late Victorian Walnut Table. A charming table. We bring to you this outstanding late Victorian to early Edwardian solid walnut table believed to be made between C1890 - 1900. This great table is in a lovely original condition which we have just enhanced by sympathetically waxing this table preserving the lovely lightly faded original colour with lots of patina and charm. This table stands on 4 typical Edwardian turned pillars which descend to a gallery either side which finishes to a turned centre stretcher between 2 ornately shaped legs. The table is movable on 4 original brown porcelain castors. There is no movement or play in any of the joints and the solid walnut top is flat with no bowing or twisting. Please note this item is in beautiful condition for its age as shown in the photographs below however being an antique item it does have the odd bump and repair here and there. However, we feel that these points are which adds charm and character to a piece. Dimensions
Height: 680mm Width: 900mm Depth: 435mm
