Description

A fantastic convex wall mirror dating from the early 19th century. It has a gilded frame with applied ball decoration, a carved eagle on the top and carved leaf decoration below the mirror. The quality is superb and the detail in the carving is excellent. It is in good condition and the gilding is bright and vibrant. There are some signs of age and some small chips and minor losses here and there. There has been some overpainting and there is an old repair to the reverse of the eagle but it is strong and sturdy and displays well. It has been lightly cleaned and is ready to hang. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Nationwide delivery available through our network of reliable couriers.
