Description

These are a stunning pair of very high quality Bergere armchairs. The heavily carved oak frames are fabulous and gives these a real presence in an interior. The chairs are very heavy as they are made of solid oak. I have left the current fabric on these as there is nothing wrong with the material but should you prefer we can of course re upholster these for you. The back cushions are loose but interestingly are sprung making these very comfy. All the rattan cane work is in perfect condition as well. Measurements Height 80cm Width 78cm Depth 83cm Depth of seat 68cm Height of seat 42cm (On my website) If you would like these chairs upholstered please click yes in the upholstery drop down menu. These would require 6 metres of material (3m per chair). You can supply your own or please browse our collections under the material section. All my armchairs have been fully restored, springs, legs, padding etc so these will stand the test of time even if used everyday. Price includes UK mainland delivery
