Date of manufacture: 1900

Dimensions

Height = 480 cm (189.0")

Width = 348 cm (137.0")

Description

The ground colour on this very pale antique carpet is actually pale green. Floating in the middle is a coral medallion, within a coral border, with accents of olive, pale yellow and gold. Despite- or because of- the wear, it remains a highly decorative carpet, bringing a calm sense of style to any room. The soft palette will work with many soft furnishing options meaning a very easy carpet to work with.
