Gents 1960s Watches of Switzerland wrist watch

Price

Sold**Item Reference: SA815301****Date of manufacture: 1960**

Description

Gents 1960s Watches of Switzerland wrist watch. The watch has a Swiss 17-jewel hand-winding movement which is working nicely. The watch measures 33mm diameter excluding the winding crown and the loop. The main body of the case is gold plated while the screw-on case back is stainless steel. The case is in good condition with just the odd minor mark, nothing too detrimental at all. The case back states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The lens is in lovely condition. The dial is in its original finish with original hands and seconds sweep. A new leather strap has been fitted. The watch comes in a new presentation box.
