

SA815431

Antique silver Omega pocket watch

Price

Sold**Item Reference: SA815431****Date of manufacture: 1910**

Description

Antique silver Omega pocket watch. The watch has a stem-winding movement which is working nicely. The movement is protected by an inner hinged cover which is signed with the Omega name, together with details of medals won at exhibitions. There are a couple of initials scratched underneath the inscription. The watch measures 49mm diameter excluding the winding crown and the loop. The case is 800 silver and there are Continental hallmarks inside both of the case backs. Again, there are names scratched inside the case back. The outside of the case is in good condition with traces of the original rose gold wash around the bezel. The glass lens is in lovely condition. The signed dial is in beautiful condition with original ornate hands, an inner red 24 hour dial, and an outer minute track. The watch comes in a new presentation box.
