Date of manufacture: 1800

Description

This is a very unusual Dutch marquetry robe or linen cupboard. The door has an unusual action as the front panel can be reversed from being the marquetry panel to a mirror just by opening the door and spinning over the panel as shown in the pictures. I have been buying Dutch furniture for 50 plus years and have not come across this before. The top half of the robe is for garments the bottom has a braw with side pullouts and 2 lower doors for storage of linen etc. The condition is quite good just the usual cracks in the veneers as is always the case with Dutch marquetry. The price for this unique piece is £2950. Circa 1800. It is 6 feet 8 inches tall. 3 feet 8 inches wide. 18 inches deep.

Internal Ref: Dutch robe.
