Description

Royal House Antiques is delighted to offer for sale this stunning and exceptionally rare 1794 George III Gillows Lancaster twin pedestal double sided postmasters' desk in panelled mahogany. Please note the delivery fee listed is just a guide, it covers within the M25 only for the UK and local Europe only for international, if you would like an accurate quote, please send me your postcode and I'll provide you with the exact price. I have never seen another with this particular type of drawer and cupboard formation, to the front you have two full length cupboard doors both with working locks and one middle drawer, open either cupboard door and you find four perfectly fitted drawers, to the rear you have three rather hidden cupboards, the only sign that they have anything inside is the locks, all of which have the original keys. The left and right cupboards have postmasters' pigeonholes, they cover the full alphabet, the central cupboard has one single drawer and vertical file dividers. The leather top is original with a very ornate embossing around the trim of the like and quality again, I have never seen. This is an exceptionally rare example of an even rarer model desk...
