Description

This is a mid-Victorian mahogany drum head 8-day Grandfather clock. Very good condition and we have had it working. The keyhole-shaped case is typical of the drum head clock, The white enamel face has roman numerals, a seconds finger, and a calendar dial. The hood has a lift-up round dial as shown. It stands 6ft 6 inches tall. 19 inches wide. 9 inches deep. A really nice size, and a very charming beautiful clock very pleasing to the eye. The name on the face is J Wilson of Hamilton.
