Description

This is a great looking well made English oak coffer. It dates to the early 18th century and shows its age handsomely. The patination is fabulous and gives this a real charm that would work well in a number of interiors. What I like about this piece is the simplicity of the design as it gives it an almost contemporary quality. The brass escutcheon is original as well. Flip top and a large amount of storage which is ideal for a whole host of uses. Height 70cm Width 115cm Depth 52cm Price includes UK mainland delivery
