

SA818097

Antique Omega silver pocket watch

Price

Sold**Item Reference: SA818097****Date of manufacture: 1910**

Description

Antique Omega silver pocket watch. The watch has a stem-winding Omega movement which is working nicely. The movement is protected by an inner hinged cover which has light scratches across it. The watch measures 49mm diameter excluding the winding stem and the loop. The case is a low grade Continental silver and it is in lovely condition, just a hint of unevenness to the hinged case back. The inside of the case back has the early Omega logo. The acrylic lens is in good condition. The signed dial has a couple of hairlines beneath the subsidiary seconds dial but otherwise is in lovely condition. Handsome ornate hands, a subsidiary seconds dial and an inner 24 hour dial in red. The watch comes in a new presentation box.
