Description

This is a superb example of a gents classic wristwatch made by the world renowned maker Universal. It has a solid 18ct yellow gold case and this is complimented by the original silver star burst dial which is in superb condition. As you would expect from Universal the watch is fully marked on the dial and case. It has the very desirable slimline 28 jewel calibre 218-9 movement. This was a big step forward in the development of the slimline automatic dress watch, by sinking the winding rotor into the movement Universal were able to produce the first slimline automatic dress watch. This is exceptional and looks as though it has been kept in a box its whole life and never worn, a rare find indeed. It is rare to find such a watch in this immaculate condition. Universal are one of the most exclusive makers and this watch certainly has that understated elegance which resonates class. The watch case measures 34mm in diameter not including the crown. The watch has just been fully serviced and is guaranteed to be a genuine Universal in all respects. This watch has been fully and professionally overhauled, the process is highly detailed and meticulous. The watch is stri...
