Description

A stunning pair of antique deep buttoned leather wing back armchairs, beautifully upholstered in leather. These were made in England & I would date them to around the 1930's period. They are extremely well made with very generous proportions, and they are extremely comfortable. The deep buttoned leather is of extremely high quality, these sit on cabriole legs with claw and ball feet which are finely constructed from solid mahogany. We have recently had the leather revived by our leather polishers, they are in excellent condition with no damage to be seen, only some extremely minor age related wear. The colour and patina are absolutely gorgeous. We also have the matching leather foot stool that came with this, that is available separately and can be seen listed under our other items for sale. Width – 34 inches , 87 cm Depth – 34 inches , 87 cm Height – 47 inches , 120 cm Seat height – 18 inches , 45 cm
