Description

A wonderful original antique rise and fall lamp in solid brass. This was made in France, it dates from the 1910-1920's period. This is of absolutely amazing quality, the brass frame is beautifully sculpted and is very heavy. The rise and fall mechanism is very simple to use, this can range from being quite petite to extremely tall! This is in excellent overall condition, the brass has acquired a gorgeous patina and there is no damage to be seen. We have had this re-wired, it is in good working order and has been PAT tested for safety. We have paired this with a gorgeous white silk vintage shade, that is also in excellent condition for its age.
