Depth = 5.8 cm (2.3")

Description

Vintage Arthur Imhof S.A. 8 day Swiss solid gilt brass desk clock, barometer, thermometer, circa 1960s. High quality mechanical clock in working order, barometer and thermometer both respond to change but not tested as accurate, all mechanicals would all respond well to a service. A rare and attractive example with nice striped dial Width 7,5/8" or 195mm, height 3,3/4" or 95mm, weight 931 grams. In good used condition with the typical light surface wear and age marks as seen in photos. Most of the specks on the dial look superficial and should clean off.
