Description

This is a large Edwardian brass club fender. The fender is in very good condition ready for use. The seat is covered in a heavy linen fabric which is in very good order I was informed it was reupholstered approximately 5 years ago, hardly any wear at all. The uprights are in a barley twist style and all in excellent condition. This fender is of a good heavy quality and will last for another 100 years at least. Great for sitting on nice and cozy around an open fire. It is 5 feet 7 inches wide. 21 inches high. 17 inches deep.

Internal Ref: brass club fender
