

SA823022

Gents 1930s Landeron three-button chronograph

Price

Sold**Item Reference: SA823022****Date of manufacture: 1930**

Description

Gents 1930s Landeron three-button chronograph. The watch has a Landeron 47 hand-winding movement which is working nicely. The top button starts the chronograph function, the bottom button stops it and the small button on the winding crown re-sets to zero. The watch measures 34mm diameter excluding the buttons, winding crown and lugs. The case has a plated bezel, an alloy centre and a stainless steel case back, a combination often seen in the 1930s and 40s. The later lens is in good condition. The dial is in its original nicely aged finish with original hands. There are two subsidiary dials, one for constant seconds and the other to record up to 30 minutes. A new leather strap has been fitted. The watch comes in a new presentation box.
