Description

A smart and useful antique leather top writing table in solid oak. This was made in England & I would date it from around the 1920's period. It is well made and is a useful size to be used as a desk or even a console table. It has a great quality gold tooled leather top, original brass handles, with nicely turned and stretchered legs. This is nicely finished on the back as well, so can be used as a free standing item. The condition is very good for its age, we have just given it a clean and fresh wax polish. Width – 35 inches , 89 cm Depth – 17 inches , 43 cm Height – 30 inches , 75 cm Knee height – 24 inches , 60 cm
