An excellent antique leather armchair of extremely high quality. This was made in England, it dates from around the 1920-30's. This is a perfect size for use as a desk chair or as an occasional armchair. It is extremely well made, very solidly built and is very comfortable too. The deep buttoned leather upholstery is in excellent order, with brass tacked edges. This has scroll over arms and solid mahogany legs. We have had the leather revived and hand polished by our leather restorer, and the legs have also been re-polished. The condition is excellent for its age & it's full of character.
