Description

A beautiful and very useful pair of antique Georgian style mahogany bow fronted bedside cabinets. These were made in England & they date from around the 1900-1920's period. The quality is excellent, these are well made and have a lovely, simple design. They sit on bracket feet, with original brass handles and each cabinet has a single adjustable shelf. We have recently had these re-polished & they are in excellent condition for their age. There are various small marks and bumps here and there under the polish, commensurate for age.
