Dimensions

Height = 12.7 cm (5.0")

Width = 5.6 cm (2.2")

Description

A very nice quality Peruvian solid sterling silver bell. It is hallmarked STERLING 925 MADE IN PERU and I would date it to c1950s. It has been superbly designed and is in super condition being free from dings holes and repairs - rings well. It measures approx. 5 inches (12.7cms) tall by 2.25 inches (5.6cms) across and weighs 72 grams. A very nice quality well made example.

Internal Ref: 24936
