Description

Victorian teak military chest This Victorian teak military chest was made circa 1870 The Victorian teak military chest would have been commissioned / purchased from a specialist military officers outfitters Army & Navy stores or the like. It was made in 2 parts so that it could be put in its own travelling cases to send on its trips around the world. Made of teak, a wood that is very good for its use as it is resistant to seawater and being a hardwood it was resistant to the knocks it was bound to receive.
