Description

A wonderful antique revolving bookcase, beautifully made from walnut. This was made in England, it dates from around the 1930's period. There are stunning burr walnut veneer patterns on the top, with beautifully inlaid patterns on the top. This is a great size, it is a practical and great looking item. It spins smoothly on its axis and also rolls on casters. We have recently had this re-polished, the condition is excellent for its age.
