## Description

A stunning pair of Art Deco period bedside cabinets in satin birch, with white marble tops. These were made in continental Europe, most likely Sweden, they date from the 1920-1930's period. They are outstanding quality, and are polished on the backs as well, so they are very versatile. These could be used as bedside cabinets or as free standing side cabinets either side of a sofa. They have lots of storage space and sit on lovely stepped bases. Each has a pull out slide that comes out from just under the marble tops. We have just had these stripped and re-polished to a very high standard, the condition is excellent for their age. The pull out slides still retain some marks and patina, as seen in the images. The off white marble tops have been newly made for these, and are in perfect condition. Width – 19 inches , 49 cm Depth – 16 inches , 41 cm Height – 25 inches , 63 cm
