Description

A particularly good early 20th century antique oak swivel desk chair. The swivel desk chair has a lathe back rest with bent wood sides. The leather upholstered seat has recently been professionally recovered. The chair is raised on a swivel mechanism base with four shaped out swept wooden legs. Item Ref; M-2395 . DIMENSIONS: Height - 89cm / Width - 43.5cm / Depth - 47cm / Seat Height - 47cm . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including some age related marks to the wooden frame (pictured). The leather seat has recently been professionally recovered and remains in excellent condition. The chair remains structurally solid and sound, with the swivel mechanism working well. Overall a good example. Our carpenter inspects, repairs, and restores our items, so you can have full confidence that what you buy from us is ready for your home! We ask that you take the time to look at all the photos as they form part of the description and condition report of the item. .
