Gents Omega wrist watch,
1963

Price

Sold

Item Reference: SA829814

Date of manufacture: 1960

Description

Gents Omega wrist watch, 1963. The watch has a 17-jewel hand-winding movement, calibre 269, which is working nicely. The movement is fully signed and the serial number 20,499,234 dates it back to 1963. The watch measures 33mm excluding the winding crown and the lugs. The case is stainless steel and it is in good condition with just light surface marks.. The inside of the case back has the Omega triangular logo and the case reference 121.001-63 which is correct for the calibre 269 movement, and it also confirms the date of manufacture. The winding crown is a later plain replacement. The lens is in good condition. The dial has its original subtle linen finish, original hands and a subsidiary seconds dial. There is light marking to the dial but not too detrimental. A new leather strap has been fitted. The watch comes in a new presentation box.
