Description

A very nice large antique pine wardrobe c1910. This wardrobe dismantles in that the top and base separate from the main body which splits into two sections. The two doors have nice panels, both with fully working locks with keys and external French style hinges so the doors open fully wide. The two drawers at the bottom have wooden knobs and inside the wardrobe are wooden pegs that drop down to lock the drawers in place so that they cannot be opened if the wardrobe is locked.. Sitting on large bun feet to the front and block feet to the rear. We will fit a new brass hanging rail inside and we could also fit a shelf above the hanging rail if required as this is a tall wardrobe. Alternatively we could fit a number of shelves inside if you wanted to use this item as a cupboard. Originally painted and recently stripped, can be purchased in the bare wood for £750 or wax polished for £847. Height 73", Width 61", Depth 22.5", Internal Depth 18"
