Description

Circa 1880-1900 a pair of very well made and heavy, bronze candlesticks of dragons holding candle cups in their mouths. They measure 15cm in height, approximately 14.5cm at the widest part and they take 2cm in diameter candles. Each one weighs about 0.6kgs, and the quality of the casting is evident in the fine details especially in the faces of the dragons and their wings. There are no signs of damage or repair on either. Postage and packing within the UK mainland only is included in the price and for remote areas or abroad please contact us for a delivery quote.
