## Description

This Inlaid Satinwood Tray is a highly decorative item. With a central shell inlay motif, further embellishments of bandings and line inlay, it really is a feast for your eyes. Being of a good size the oval shape offers plenty of space to serve drinks or canapes from if required. The alternating decorative rim stops any errant object from rolling off. The elegant but strong brass handles make it easy to carry. Presented in fully restored condition. Circa Edwardian
