Description

This is a gorgeous quality Victorian country house sofa. It has an unusual double humped design with an iron back. Super comfy and very elegant. The upholstery material I have chosen to put this in is 100% natural linen in a grey colour. It works so well with the deep buttoning. The legs are mahogany and give this piece as very stylish feel. The only minor fault is some old damage to the back left leg. Other than that though this is great quality and a great looking addition to any room. Ideal for a number of uses, either everyday sitting, at the end of the bed as a chaise longue or in a bay window.
