Description

A wonderful early 20th century antique oak pedestal desk. The rectangular shaped oak plank top sits on two pedestals, each with a series of fitted drawers, and a pull-out work surface. To the centre is a single fitted drawer. The pedestal desk separates for ease of transport and movement. Item Ref; M-2467 . DIMENSIONS: Height – 77cm / Width – 139cm / Depth – 81cm . CONDITION REPORT: In well-worn antique condition throughout with some signs of age. There is surface wear in places including age related marks and staining to the top (pictured). The drawers all run well, and the desk has a good, rich colour. Some of the boards to the top are starting to separate, but the desk remains fully functional. Separates into three parts for ease of transport and movement. The top must be screwed to the pedestals – the brackets on one of the pedestals have been replaced. Overall, quite worn but still a functional piece. Our carpenter inspects, repairs, and restores our items, so you can have full confidence that what you buy from us is ready for your home! We ask that you take the time to look at all the photos as they form part of the description and condition report of the item. .
