Description

Very ironically shaped 1930s Art Deco dressing table in a very desirable blonde /white bird's-eye maple veneer with Walnut feather banding. Still retains it's original green and black bakelite bar handles. All drawers work very smoothly with the whole piece having been professionally restored and coming to you in showroom condition. Some mild foxing to the edge of the mirror in tiny areas, nothing unsightly. The full length mirror allows for this dresser to double as a cheval dressing mirror, with the mirror being able to be tilted to provide different views. Fabulous piece, ideal to mix with modern or period homes.
