Description

An unusual antique Victorian pine cupboard. The pine cupboard has an unusual top section with two fitted drawers, each with wooden knobs. The base has two blind panel cupboard doors that open to reveal a single shelf. Raised on bracket feet. The top section sits on the base and can be removed for ease of transport and movement. Item Ref; M-2867 . DIMENSIONS: Height – 108.5cm / Width – 103cm / Depth – 44cm . CONDITION REPORT: In good rustic antique condition throughout with some signs of age. There is surface wear in places including age-related marks and staining to the top surface and to the front (pictured). The Victorian pine cupboard remains structurally solid and sound with the drawers running well. The top appears to be later and not original to the base, but they work quite well together. Good colour throughout and finished with a fresh coat of natural wax. Our carpenter inspects, repairs, and restores our items, so you can have full confidence that what you buy from us is ready for your home! We ask that you take the time to look at all the photos as they form part of the description and condition report of the item. .
