Description

For your consideration is this rather stylish Art Deco gold filled Gents wristwatch by the American watch company Bulova, recently serviced and keeping good time. This is a great looking watch with a beautiful dial with gold tone numerals against a cream background. The whole watch has been ultrasonically cleaned and given a new high quality soft leather strap. The back is free from engravings and the whole watch itself is in lovely condition given it's age and ready to be enjoyed by a new owner. The watch itself: 19mm wide (excluding crown) by 49mm total length. Curved, engraved Art Deco case – probably rolled gold with stainless steel back. The 15-jewel Swiss-made Bulova 6AF movement was manufactured between 1925 and 1936 and the 'moon' symbol stamped on it signifies a date of 1928 for this particular movement. The inside back of the case has watchmaker servicing marks dating back to the 1930s, so the movement/case combination are original. The movement has just been fully serviced with a new mainspring and is running strongly and keeping good time. This watch is perfect both for everyday wear and for adding to the collections. A lovely watch any gentleman would love ...
