Description

A very decorative French church lectern. It is heavily carved and set with gem stones and enamel motifs depicting religious scenes, bought in France and in original condition. It is all intact but there is some discolouring to the gilt overall. This doesn't detract from its overall beauty. There is an inscription (see photos) and dated 1884. We can despatch free of charge in UK mainland and can quote for international delivery. Payment by bank transfer or PayPal.
